SLO High Tiger Athletic Boosters

Samantha Ross- Senior Cheerleader

How is the 2021 Season going?

It's super fun to be back and practicing together again. The team is looking forward to performing at the Homecoming Football game and supporting our Tigers.

How has the 2021 season differed from other years?

Not having a football field for home games makes it difficult to bring up the school spirit at games, but I definitely can tell that students are excited to be back on campus.

Nolan Attala- Junior Football Player

How is the 2021 season going?

The season is going great! We are working as a team to get better every day and win a league championship.

What are you looking forward to?

As a team, we always look forward to our game every week. We are focused and excited on winning a league championship all together.

Why do you like playing football for SLOHS?

I like being a part of our team and working together.

Coach Spotlight

Coach Meaney- Girls Varsity Volleyball

This season has been incredible so far. We are currently 12-1 with our only loss being to Clovis West who is currently the #1 ranked team in Division 1 of Central Section CIF. Our goal for this season is to win the mountain league and then continue to compete hard in CIF. COVID has had minor impacts on our season as compared to last year. Athletes are required to wear masks but they have such positive attitudes about it and are willing to do whatever it takes to stay safe and keep playing with each other on the court! This is a very special and talented team and we look forward to our last 6 league games!

Have you joined SLOTAB yet?

Help support Tiger Athletics by becoming a member of SLOTAB. Your donation helps ensure that ALL Tiger Sports programs needs are met.
