Athlete Spotlight

Aiden Maples, Varsity Boys Wrestler

What is your favorite part about being on the SLOHS Wrestling Team?

My favorite part about being on the wrestling team is how much skills you build from wrestling. I would not have nearly as much self discipline if it wasn't for the countless hours spent struggling and training with my teammates as we all better ourselves. Cradles are pretty cool too.

What are you looking forward to this season?

CIF is just around the corner; I am looking forward to seeing how my team places there. I am excited for the team to come home with some medals and have our hard work pay off.

What is the team's biggest challenge this season?

An obvious answer is how Covid affected our season. We missed 2 big tournaments that would have been great practice, but Covid interfered. There was also a solid 2 weeks where the majority of the team was out sick. But we bounced back and got a handful of league victories.

What is your favorite memory associated with wrestling at SLOHS?

Freshman year at CIF I pulled off a move that I heard a story of the night before. With no drilling I hit it from memory and stuck the kid for the pin. It is now the only exception to Coach Druckers, "Perfect practice makes perfect" rule.

Kyndal Hernandez, Varsity Girls Soccer Player

What is your favorite part about being on the SLOHS Soccer Team?

Being able to play soccer with my friends and being involved in the SLOHS culture outside of class.

What are you looking forward to this season?

I am looking forward to Senior Night, because I have been looking forward to celebrating my last year of soccer. I have always been at senior nights supporting others and it's cool that it is my turn.

What is the team's biggest challenge this season?

Being a fresh team with a new coach, it has been tough

Athlete Spotlight

Thomas Byde, Varsity Boys Soccer Play

What is your favorite part about being on the SLOHS Soccer Team?

My favorite part about being on the soccer team is being able to play soccer with all my friends and being able to represent the school. Something about representing the school while playing makes it more fun and memorable.

What are you looking forward to this season?

I am looking forward to hopefully winning league and going as far as we can in CIF to makeup for last year after going out in the first round.

What is the team's biggest challenge this season?

The biggest challenge this season was probably finding places to train in the beginning of the season because of the closure of the practice field. It was difficult to have all 6 teams practice on the same field on the same day but now that we have the practice field open again it is much easier.

What is your favorite memory associated with playing soccer at SLOHS?

My favorite memory associated with playing soccer at SLOHS is Freshman year I was pulled up to play a couple of varsity games. I was playing JV and it was super fun to be able to play up with all of the varsity players.
