Athlete Spotlight

Taryn Lonsbrough (Senior)-Varsity Swim & Dive

What is your favorite part about being part of the SLOHS Swim & Dive Team?

My favorite part about being part of the swim team is the family aspect that the team creates. Working so hard and training so often surrounds you with an encouraging environment of teammates and coaches who are all working to get better.

What is your favorite team memory?

My favorite memory associated with swim is the trips we have taken together. Going to Stanford, especially, was one of my fondest memories because we got to swim in an area and against teams that we would have never gotten to compete against. Even seeing the school and its facilities was really fun. It was a great team bonding experience, while also getting to improve as athletes.

What would you like incoming freshman to know about this team?

Incoming freshmen should know that this team is a commitment that is well worth the effort you put in. If you are not sure if you want to play a sport during high school, you should still try out for swim. You will get to stay active and have an outlet during the year, while also having a built-in friend group!

Booster Bash Save the Date!

SLO High Athletics 's biggest fundraiser of the year is our Booster Bash! It will be held October 22nd at the Madonna Inn. There will be a live and silent auction, dinner, dancing, and loads of fun!

We need your help to make it a success. We are actively looking for live and silent auction items as well as volunteers to help with planning. For more information, please email Heidi Gill at Heidi@jhgillcompany.com

Athlete Spotlight

Max Templin, Varsity Baseball

What is your favorite part about being on the SLOHS Baseball Team?

My favorite part of being on the SLOHS baseball team is the friendships I have made throughout my four years playing at SLO High. Some of my best friends have come from playing baseball together and I love being able to compete with them on the field every day.

What are you looking forward to this season?

I am looking forward to playing as hard as I can to win baseball games for our school. I love playing for SLO High and love winning for our school. I am of course looking forward to playing good baseball and winning games as well.

What is the team's biggest challenge this season?

The biggest challenge is ourselves. If we stay focused throughout the season we will play together as a team we will be successful.

What is your favorite memory associated with playing baseball at SLOHS?

My favorite memory was our practice the day after beating the number 2 seed San Joaquin Memorial High School in the first round of CIF playoffs. We were the underdogs playing into the summer when school was out. I have never experienced that feeling before and I hope we can get that feeling again this summer.

Coach Spotlight

Coach Linman, Boys Varsity Volleyball Coach

What is your favorite part about coaching SLOHS Volleyball?

They're honestly just really fun. There's always something happening that makes us coaches laugh. It's also fun to watch the level of competition that they can bring to the court, especially when they're having fun together.

What has been a highlight of the season?

A highlight from the season so far is seeing the team come alive and compete against teams like Notre Dame and Clovis High. And, of course, beating AG for the third time with an awesome student section supporting the team!

What do you feel is the team's biggest challenge this season?

Our biggest challenge this season is playing consistently for an entire match and coming together to play as a team. We've been working on this all season and I've definitely seen improvements, but I know we can do more.

What are you looking forward to this season?

I'm looking forward to beating AG for the fourth time this season, taking the league championship title, and going farther in playoffs than they've ever gone.
